Master's Academy Announces New Early Childhood Learning Center in Vero Beach

Acquisition of new campus marks major milestone in school's mission to expand preschool capacity, enhance early learning, and support growing demand for quality education in the Treasure Coast.

VERO BEACH, FL - Master's Academy has officially acquired the property at 2855 58th Avenue in Vero Beach, the current site of Little Rising Stars preschool and daycare, marking a significant milestone in the school's long-range vision to expand its early education offerings.

Located just 2.5 miles from its main campus at Pathway Church, the new facility will become the future home of the Master's Academy Early Childhood Learning Center, with the first day of school scheduled for **August 18, 2025**.

This expansion is the result of extensive planning, prayer, and strategic growth efforts by the school's leadership. By nearly doubling Master's Academy's current preschool capacity, the new facility will allow the school to enhance its preschool program and meet the growing demands among local families seeking a high-quality, Christ-centered education for their young children.

"This dedicated facility addresses our capacity needs and reinforces our vision to provide an enriching environment designed specifically for early learners," said Dr. Rick Brewer, Head of School. "We are grateful for this opportunity to grow our mission and better serve the families of Vero Beach."

Highlights of the new facility include:

- Continued preschool, before-care, and after-care programs for 3 and 4-year-olds
- Expanded classroom space to support smaller class sizes
- Enrollment availability for families previously on a waiting list
- A new summer program launching in 2026
- Separate shaded playgrounds for different age groups
- Enhanced security through a state-of-the-art biometric system

Reflecting the school's vision of equipping students to be "*Grounded in Truth; Rising in Strength*," the Early Childhood Learning Center continues Master's Academy's broader mission to develop the whole child—spiritually, academically, and socially—beginning with the earliest stages of education.

A community open house for preschool families is planned for later this summer. Details will be shared in the coming weeks. Parents who are interested in enrolling may reach out to the school directly at (772) 794-4655.
